

IOSH Leading Safely®

IOSH Leading Safely

Business leaders also need to lead on health and safety. **IOSH Leading Safely®** aims is squarely focused on coaching you to become an effective leader for health and safety. Uniquely, it comes with a diagnostic tool (a mobile app) to help you analyse your current Health and Safety leadership performance and, most importantly, devise action plans to improve.

The **IOSH Leading Safely**® course is workshop based, highly personalised and focused on your organisational needs.

It complements <u>IOSH Safety for Executives & Directors</u> which focuses on ensuring senior management are fully aware of their joint and individual health and safety responsibilities in the day-to-day running of their organisation.

IOSH Leading Safely® covers the following topics:

- Anyone with leadership responsibilities senior managers, directors, department heads, executives, board members, business owners, CEO, trustees
- Anyone who aspires to these roles or who wants to understand the language of safety leadership

Course Content

IOSH Leading Safely® covers the following topics:

- Diagnosing your current behaviours (using mobile app questionnaire before the course)
- Understanding safety and health leadership, its importance and key bahaviours
- Looking at when things go wrong case studies
- Getting leadership right case studies
- Actions and commitment reviewing your behaviours and making personal commitments for change

Assessment

IOSH Leading Safely[®] is assessed by the quality of your personal action plan.
